

Plantation Shutters

Panel Layout Chart

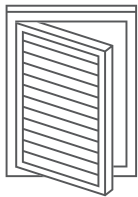

To decide which panel layout will best suit your windows, follow these 2 simple rules: #1 Less is more. #2 You must follow the window. Used in conjunction with your Check Measure Worksheet, the Panel Layout Chart will ensure you get the best possible result when measuring for your plantation shutters.

Min Panel Drop 300mm
Max Panel Drop 2420mm
Min Panel Width 180mm

Midrails: Drops > 1600mm = 1 x Midrail Required
